Green Cross International
Mikhail S. Gorbachev
President

Dear Raj:

On behalf of both the Design and Technical Juries for Global Green's
SUSTAINABLE DESIGN COMPETITION FOR NEW ORLEANS, I would like
to thank you for the hard work and dedication so clearly evident in your project.

Your efforts have helped advance the sustainable rebuilding of New Orleans and the
Gulf Coast, and helped educate the public about intelligent architecture and green
building. The thoughtfulness, care, and attention displayed in your submission
reflect your passion for architecture and its role in helping to solve some of the
difficult problems in our world today.

The residents of Holy Cross, and those that we have met in other neighborhoods of
New Orleans, appreciate you lending your expertise to the very difficult problem of
how to rebuild in this complex place. It is our hope, that through this competition,
we have begun a dialogue about sustainable design ideas that will help them through
the city's next century and beyond.

Thank you once again.

With best regards,

Matt Petersen
President & CEO

THANKS!
